

↳ To 195 & RT40

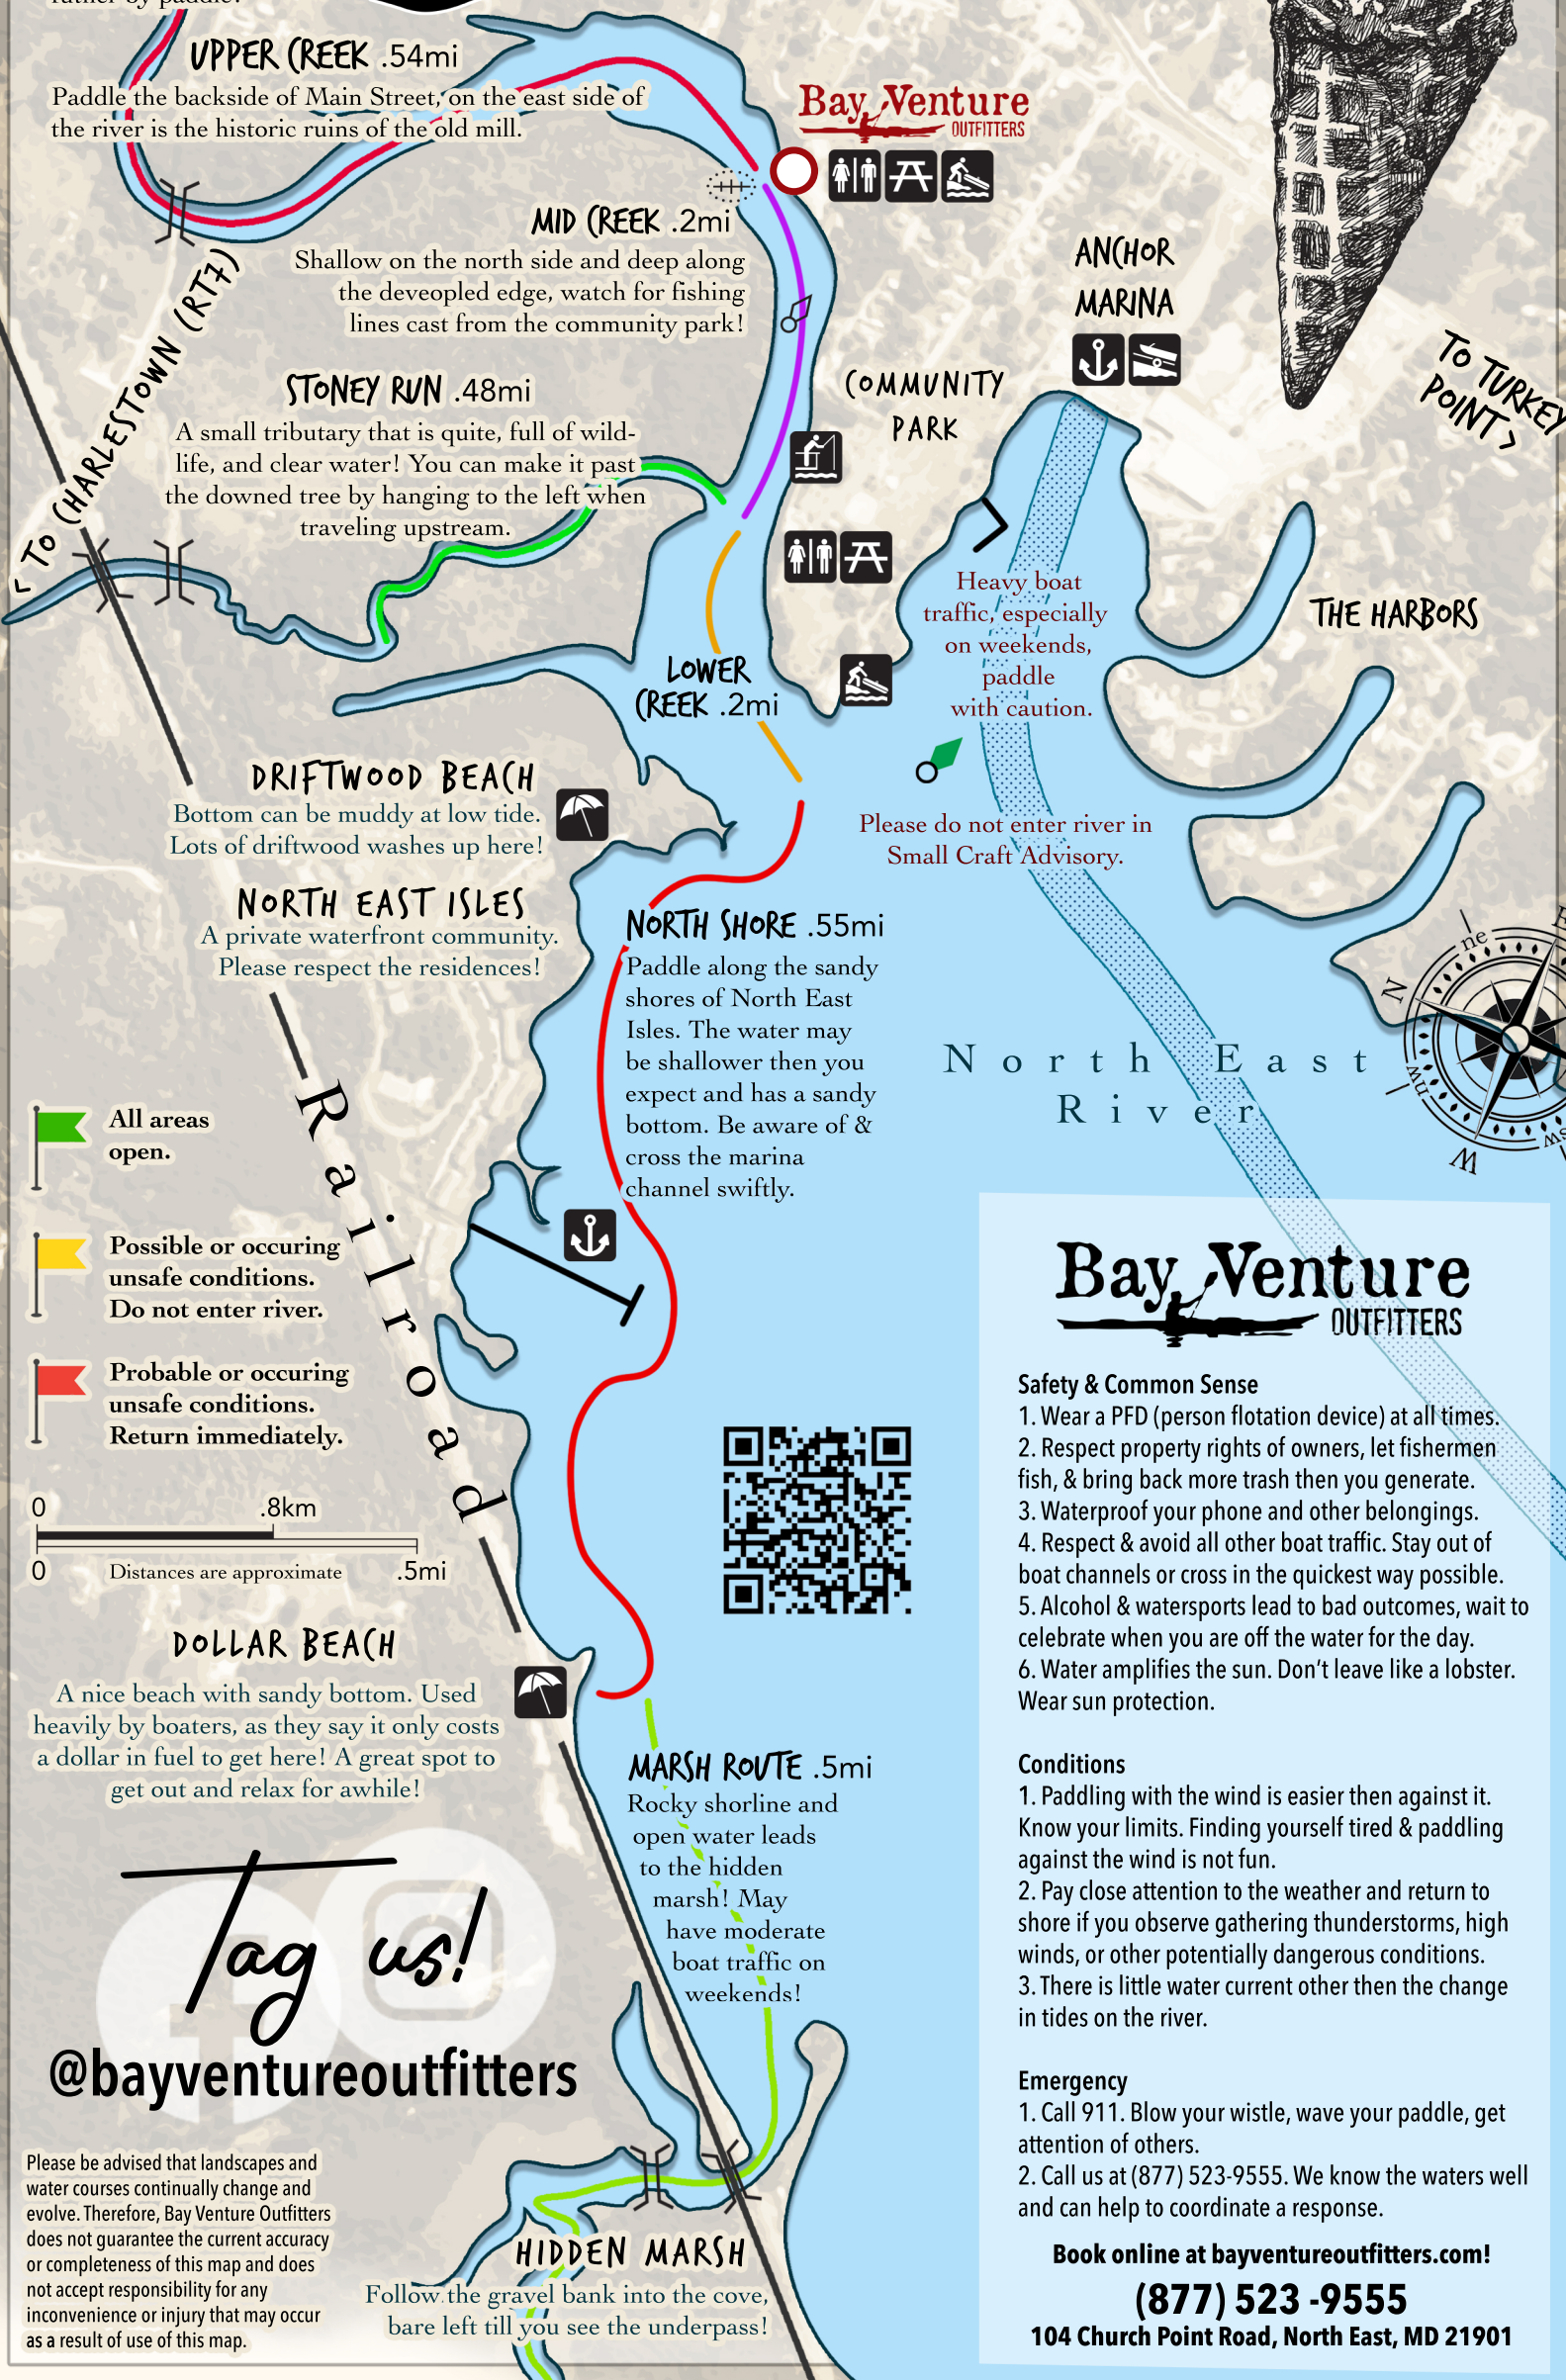

River shallows here, becomes nontidal, and cannot be traveled further by paddle!

Visit our shop on Main St. for your post adventure t-shirt and enjoy Port House Creamery ice cream, made right in store!

To TURKEY POINT >

**UPPER CREEK .54mi**  
Paddle the backside of Main Street, on the east side of the river is the historic ruins of the old mill.

**MID CREEK .2mi**  
Shallow on the north side and deep along the developed edge, watch for fishing lines cast from the community park!

**STONEY RUN .48mi**  
A small tributary that is quite full of wildlife, and clear water! You can make it past the downed tree by hanging to the left when traveling upstream.

**DRIFTWOOD BEACH**  
Bottom can be muddy at low tide. Lots of driftwood washes up here!

**NORTH EAST ISLES**  
A private waterfront community. Please respect the residences!

**NORTH SHORE .55mi**  
Paddle along the sandy shores of North East Isles. The water may be shallower than you expect and has a sandy bottom. Be aware of & cross the marina channel swiftly.

All areas open.

Possible or occurring unsafe conditions. Do not enter river.

Probable or occurring unsafe conditions. Return immediately.

0 .8km  
0 .5mi  
Distances are approximate

**DOLLAR BEACH**  
A nice beach with sandy bottom. Used heavily by boaters, as they say it only costs a dollar in fuel to get here! A great spot to get out and relax for awhile!

**MARSH ROUTE .5mi**  
Rocky shoreline and open water leads to the hidden marsh! May have moderate boat traffic on weekends!

**HIDDEN MARSH**  
Follow the gravel bank into the cove, bare left till you see the underpass!

Heavy boat traffic, especially on weekends, paddle with caution.

Please do not enter river in Small Craft Advisory.

## Bay Venture OUTFITTERS

### Safety & Common Sense

1. Wear a PFD (person flotation device) at all times.
2. Respect property rights of owners, let fishermen fish, & bring back more trash than you generate.
3. Waterproof your phone and other belongings.
4. Respect & avoid all other boat traffic. Stay out of boat channels or cross in the quickest way possible.
5. Alcohol & watersports lead to bad outcomes, wait to celebrate when you are off the water for the day.
6. Water amplifies the sun. Don't leave like a lobster. Wear sun protection.

### Conditions

1. Paddling with the wind is easier than against it. Know your limits. Finding yourself tired & paddling against the wind is not fun.
2. Pay close attention to the weather and return to shore if you observe gathering thunderstorms, high winds, or other potentially dangerous conditions.
3. There is little water current other than the change in tides on the river.

### Emergency

1. Call 911. Blow your whistle, wave your paddle, get attention of others.
2. Call us at (877) 523-9555. We know the waters well and can help to coordinate a response.
